

SENATE NAVY BILL PUT AT \$625,000,000

Personnel Will Remain at 191,000 to End of Enslung Fiscal Year.

NO NEW CONSTRUCTION

Period of Service of Yeomanettes Extended — \$898,622,000 in Army Measure.

Special Dispatch to The Sun.

WASHINGTON, June 21.—The Senate Naval Committee to-day finished its consideration of the annual appropriation bill for the support of the navy and voted a favorable report on the bill. The measure carries appropriations aggregating slightly more than \$625,000,000. There are no items of new construction or authorization, the measure carrying forward the programme inaugurated under war conditions. The bill altered the House provisions with regard to naval personnel by providing that the strength of the navy shall remain at 191,000 until the expiration of the ensuing fiscal year. The House bill had provided that the personnel be reduced to 170,000 during the latter six months of the period. Under the Senate arrangement the force of 191,000 will be continuously employed from October 1, 1919, to the end of the year 1919-1920.

The Senate committee added these items to the measure as it came from the House:

Boston navy yard power plant, \$100,000; New York navy yard, steel storage plant, \$200,000; Philadelphia navy yard, general development, \$1,000,000; power plant, \$500,000; light machine shop, \$400,000; pattern shop, \$400,000; Norfolk navy yard, machine and electrical shops, \$400,000; pattern shop, \$200,000; steel and lumber storage shop, \$200,000; Mare Island navy yard, right of way to Vallejo railroad yards, \$165,000, and two marine barracks, \$100,000. The committee also extended the period of service of the yeomanettes. Under the House bill the women reservists were to have been returned to civil status within thirty days from the approval of the act. The Senate increased this period to ninety days.

WASHINGTON, June 21.—Senator Wadsworth (N. Y.) chairman of the Senate Military Committee, formally presented the amended army appropriation bill to-day in the Senate. It carries a total of \$158,622,000, an increase of approximately \$157,000,000 over the house total.

One committee amendment authorizes the War Department to turn over to the American Red Cross vast stores of surplus army hospital and medical supplies for use in European relief work.

BRITAIN CHANGES NAMES. Commercial Attaches to Be Known Now as Secretaries.

A new system of British commercial intelligence representatives has been inaugurated, and the British Government has decided to change the designations of the representatives. Believing the title of commercial attaché is not the most suitable, these representatives will in future be known as commercial counselors and commercial secretaries, first, second and third grade, of embassy or legation. They will rank with counselors and first, second and third secretaries in the diplomatic service.

The present commercial attaché of the British legation at Buenos Ayres, H. O. Chalkley, has been appointed commercial secretary, first grade, at Buenos Ayres. A commercial secretary, third grade, will be sent soon from the United Kingdom to Buenos Ayres.

WOMEN'S FRILL BLOUSES

Special 5.00

"The Frill's The Thing"

The dictum of the haute couture—a Voile Blouse with a frill. And here they are in all their appealing loveliness, the graceful flow of the frills enhanced by trimming of Valenciennes lace. Fine veining adds a jot more to their daintiness, and the finish is left to a nonchalant bow of ribbon at the neck.

When one knows they are fashioned of finest French Voile, and that real Valenciennes was selected as trimming, a glance at the styles here shown reveals that their value is real and that this is no ordinary sale.
